Do not count Spaces

more than just a library...

we're your oasis on the information superhighway

- The New Lenox Public Library provides the community with a wealth of informational and recreational materials. From books, to DVDs, to magazines, to internet databases, we have it all. We serve everyone in the community, from the youngest to the wisest.
- The Friends of the Library invite you to support the library by giving to the Donor Tree, a permanent visual expression of your community spirit for generations to come.
- Through the ages, trees have been symbols of knowledge. The Friends have selected a beautiful sculpted Donor Tree, designed by Stanford Werfel, and displayed it in the foyer of the building.
- We will engrave each donor's name and message either on a brass or copper leaf, an acorn, or a foundation stone. Expressions can honor your family, memorialize a loved on, celebrate a birth, or recognize those who have touched or illuminated your life. Join us in this campaign to support our library. Your generosity and support of the Donor Tree will assist the Friends in purchasing enhancements for the Library such as furniture, technology, and special equipment.
